test & measurement

# Sizzling Summer SALE-A-Bration

World-Class Electrical Testing Instruments  
at out-of-this-world prices!

**UP TO  
20% OFF**  
on select models

### **MMR-650** Microohmmeter

Compact, portable microohmmeter for measuring very low resistances. Rugged enough for field work.

~~\$5,300~~

### **MIC** 5KV and 10KV Class Insulation Testers

Portable, rugged, easy-to-use, insulation test meters offer a wide measurement range, selectable test voltages, and excellent safety features.

~~\$4,724~~ (10kv)  
~~\$3,405~~ (5kv)

### **MRU** GPs Earth Ground Resistance and Resistivity Meter

The industry's only "all methods" meter: 2-pole, 3-pole, 4-pole and impulse earth impedance.

~~\$3,207~~

### **KT560** Thermal Imaging Camera

Budget-friendly and highly accurate temperature measurement.

~~\$7,933~~  
Up to 20%

### **PQM-707** Power Quality Analyzer

Multi-function testing instrument for the measurement and analysis of all aspects of power. Complete with flexible current probes and PC software.

~~\$5,804~~

### **AutoISO-5000** Adapter

Simple and efficient automation of multi-conductor cable insulation resistance testing.

~~\$1,400~~

### **UV260** Corona Camera

Advanced design imaging camera that detects, displays, and records flash-arc and partial discharge phenomena even in full sunlight.

~~\$55,000~~  
Up to 20%

**OFFER EXTENDED - ACT NOW:**  
**20% OFF** — until October 31
