

Special Full-Spectrum Deal Includes Free Thermal Imager

PURCHASE SONEL'S BEST-IN-CLASS UV CORONA CAMERA AND GET THE SONEL KT-650 IR THERMAL IMAGER — **FREE** — A \$15,665 VALUE!

Sonel UV-260 Corona Camera

(List Price: \$55,000 – total price, complete with accessories)

- ❑ The industry standard for high-performance corona detection
- ❑ Easily locate arcing corona in high-voltage transmission and distribution systems
- ❑ Advanced design detects, displays and records flash-arc and partial discharge phenomena
- ❑ Operates in both the visible light spectrum as well as in the ultra-violet region
- ❑ Simply point the camera at a target. When UV corona emissions are detected they are overlaid on the visible target image pinpointing the location of the UV source accurately

Bundled Price Including Backpack — \$47,000

KT-650 IR Thermal Imager

(List Price - \$15,665 – **FREE**)

- ❑ The perfect tool for all of your temperature measurements
- ❑ Large touchscreen can be rotated into any convenient angle for viewing
- ❑ Lens that can swivel up and down
- ❑ Allows you to get measurements in areas that are not easily accessible or that would otherwise be awkward to view with a hand-held pistol grip type camera
